

We are about to enter the time set aside for concerted
CONSCIOUSNESS MAINTENANCE.

Our High Holy Days begin on Sunday evening, September 13, 2015, but actually our preparation takes place the entire month before that.

With the Jewish month of Elul, we begin the period during which we can influence the Karma that will come to us in the 2015-2016 or 5776. We can affect the outcomes through our behavior during this time.
